CHEERFUL CANDLE

Fragrance That Makes You Smile

2021

Giving Back

THE CANDLE THAT GIVES

A Cheerful Giver®

At Cheerful Candle part of our philosophy is to give back to the community that nurtured our business, and this includes helping those that need it. As part of our Community Partnership Programme our wicking process is undertaken by adults with special needs.

All of our "wickers" are provided with the opportunity to work up to their highest capability and receive a competitive wage, which allows them to support their independence in the community. It's part of our way of "giving back".

Hand made in the USA

And at Cheerful Candle we are more than just another candle company. Established and based in New Jersey (USA) we manufacture all of our candles and fragrances within our home state, and source our raw materials and components locally.

Our classic "Keepers of the Light" range offer true to life fragrances, double wicks and features authentic candle jars with homespun ribbon and hammered lids. All backed up by a range of comprehensive merchandising solutions.

Virtual Candles is the exclusive UK distributor of Cheerful Candles.

CHEERFUL CANDLE Europe

At Cheerful Candle Company we have been making high-quality, premium scented candles in the USA for more than 25 years. And now we are bringing our high quality candles to Europe for the first time.

Now available within Europe in a wide variety of fragrances, sizes and styles, Cheerful Candle is best known for our extraordinary True To Life™ fragrances. Most of our sizes are double-wicked thus producing an amazing fragrance throw and a cleaner burn that never tunnels. Memorable fragrances, a cleaner, longer-lasting burn, and better value has been the key to Cheerful Candle's customer's brand loyalty for many years.

Our classic "Keepers of the Light" range offers "True To Life" fragrances, double wicks and features authentic candle jars with homespun ribbon or hammered lids. All backed up by a range of comprehensive merchandising solutions.
